2h 35m

Estimated study time
18h for all materials

Instructor
Thomas Fragale

Getting Started with OneNote

1   **Navigate the OneNote Interface**

This video will show how to start the OneNote desktop app, and how to navigate the OneNote screen.

2   **Create Your First Note**

This lesson will help you create your first Note in OneNote.

3   **Format Your Notes**

This lesson will show you how to format the text of your notes in OneNote.

4   **Create a List**

This lesson will show you how to create and format a bullet list and a number list in OneNote.

5   **Copy Formatting, Delete, and Save**

This lesson will show how to copy the formatting of the selected text to other text on the page.

Managing Your Notes in OneNote

6   **Insert Space Between Note Containers**

This lesson will show how to add more space between your containers.

7   **Split and Merge Note Containers**

This lesson will show how to split a container into two separate containers, and also how to merge two containers into one.

Taking OneNote a Little Further

20 Use Tables

This lesson will show how add a table to a page in OneNote.

21 Use a Time and Date Stamp

This lesson will show you how to add a date, or time, or the date and the time to your text in OneNote.

22 Insert a Screen Clipping

This lesson will show you how to insert a screen clipping from any other program into OneNote.

23 Insert an Image

This lesson will show you how to insert an image from your computer or from the internet into your OneNote page.

24 Insert a Symbol

This lesson will show you how to insert special symbols - like the copyright © and registered ® symbols - and many others into your OneNote page.

25 Use a Pen or Highlighter in OneNote

This lesson will show you how to use a pen or a highlighter style pen to emphasize certain text on your page in OneNote.

26 Draw Precision Shapes and Lines

This lesson will show you how to insert straight lines and shapes like rectangles, ovals, and triangles into your page in OneNote.

27 Erase Handwritten Notes and Highlighting

This lesson will show you how to erase the handwritten ink or highlighting on a page in OneNote.

28 Use OneNote's Lasso and Hand Tools

This lesson will show you how to properly use the Lasso select tool, which allows you to highlight your handwriting on the page in OneNote.

29 Resize OneNote Shapes and Lines

This lesson will show you how to resize the rectangles, ovals, triangles, and other shapes on your page in OneNote.

30 Object Arrangement

This lesson will show you how to layer your shapes on top of each other.

Advanced OneNote Options

31 Password Protect Your Notes

This lesson will show you how to password protect a section within OneNote.

32   Record Audio and Video Notes

This lesson will show how to insert an audio recording or a video recording onto your page in OneNote.

33   Use the Spell Checker

This lesson will show you how to spell check your text in OneNote.

34   Search OneNote Notes

This lesson will show how to search your notebooks for specific text in OneNote.

35   Using OneNote Views

This lesson will show you how to change views within OneNote.

Linking and Sharing OneNote

36   Link to Files or Websites

This lesson will show you how add hyperlinks to files or websites within OneNote.

37   Link to Word or PowerPoint

This lesson shows you how to include a Word document or a PowerPoint document into a page on OneNote.

38   Email a OneNote Note

This video will show you how to email your notes from OneNote.

39   Export Notes

This lesson will show how to export your notes from OneNote into other file formats.

40   Send Outlook Items to OneNote

This lesson will show how you can export from Outlook into OneNote.

41   Send OneNote Tasks to Outlook

This lesson will show you how to create to do items in OneNote that link to Outlook.

42   Insert an Excel Spreadsheet

This lesson will show you how to insert an Excel Spreadsheet into a page in OneNote.

43   Convert OneNote Tables to Excel

This lesson will show how to convert a table in OneNote into an Excel worksheet.

44 Use the Send to OneNote Feature

This lesson will show you how to quickly send information from either Word, PowerPoint, Outlook, or Excel into OneNote.
