365, 2021, 2019

Video duration

4h 15m

Estimated study time

32h for all materials

Instructor

Andy Lanning

Word Screen Elements

- 1** **The Ribbon and Word Screen**
An overview of the Word opening screen and Ribbon functionality.
- 2** **Quick Access Toolbar**
Set up the vital buttons you use most to make your work easier.
- 3** **Navigating the Page**
Learn how to control where you type and how to navigate within the page.
- 4** **Your First Document**
Learn how to enter text and save your first document.
- 5** **Formatting Fonts**
Format text with colors and apply fonts.
- 6** **Basic Letter Layout**
Learn how to format a basic letter layout.
- 7** **Basic Cut, Copy, Paste**
Cut, copy and paste is an essential skill to help minimize re-typing text.

Essential Formatting Knowledge - The Home Ribbon

- 8 **Styles Gallery**
Learn how and why to apply predesigned Styles to text.
- 9 **Format Text with Fonts and Colors**
Learn how to apply bold, italic, underline and Drop Caps styles to text.
- 10 **Format Painter**
Quickly copy and paste “formats” with this amazing button.
- 11 **Practice with the FONT Group**
Learn to apply various font styles and why they are used in professional documents.
- 12 **Basic Paragraph Formats**
Paragraph format and alignment are important for proper document layout.
- 13 **Fun and Functional Paragraph Formats**
Apply background colors or borders to paragraphs.
- 14 **Bullets and Numbering**
Learn how to apply and control bullets and numbering.
- 15 **Indents**
Learn how and when to use specific indent types.
- 16 **Line Spacing**
Learn why you would want more space between the lines within paragraphs and how to apply the space.
- 17 **The Find/Replace Function**
Learn to quickly find a word or format and replace it with an alternative.

The File Ribbon

- 18 **File, New**
Explore the readily available document templates rather than creating a particular document from scratch.
- 19 **File, Recent**
Learn to quickly preserve files and easily access your most used documents.

20 File, Share
View the various ways to collaborate with others on a document.

21 File, Info and Security Considerations
Password Protect a file or Recover an unsaved version.

The View Ribbon

22 Document Views
Learn how and why to use the different available document views.

23 Navigation Pane
Learn how the Navigation Pane assists with document management.

24 Show and Zoom Controls
How to add the Navigation pane and quickly zoom in and out of the document.

25 Use Multiple Windows
Learn about using multiple windows to view the same or various documents side-by-side.

Intermediate Formatting Knowledge - The Insert Ribbon

26 Inserting Page Breaks and Blank Pages
Quickly force a new page at the location you specify and/or add a blank page as well.

27 Add a Cover Page
Pre-designed cover pages add a professional look to your report.

28 Creating Tables
Tables provide a structure of columns and rows to help the user line up data, similar to a spreadsheet layout, but within a Word document.

29 Inserting Pictures and Clip Art
Learn how to apply and control picture sizes and placement.

30 Online Pics and 3D Models
How to find Online Pictures and add 3D Models as well as animated pictures.

- 31** Basic Use of Shapes
Learn to move and color shapes to draw attention to an area.
- 32** Screenshots
Learn how to capture a picture of your screen, modify it, and use it in a document.
- 33** Headers and Footers
Learn how to add Headers and Footers to a document.
- 34** Page Numbers and File Location Notes
Learn how to apply and control page numbers and insert file notes.
- 35** Word Art
Learn this creative text format often found on flyers, and a clever “rubber stamp” to use on documents.
- 36** Symbols
Symbols are a necessary and interesting toolset if using creative accents, foreign characters, or displaying mathematical formulas.

Page Layout Ribbon

- 37** Margins
Learn how to set margins to standard or custom settings.
- 38** Paper Orientation and Size
Learn how to change paper size and orientation depending on the document type.
- 39** Using Columns
Learn to divide text into long columns to make the best use of available space.
- 40** Paragraph Spacing
Learn how to control spaces between paragraphs all at one time and adjust spacing as needed.
- 41** Printing
Explore the various options within the Print dialogue box.

References Ribbon

- 42** Table of Contents
Learn to create an automated Table of Contents.
- 43** Update the Table of Contents
Learn how to update the Table of Contents when changes are made to a document.
- 44** Mark Entry for Table of Contents
Learn to create an advanced-level Table of Contents using "Mark Entry".
- 45** Footnotes
Learn to place footnotes and endnotes which link to the document text.
- 46** Citations and Bibliography
Learn to cite your sources for a college paper or report.
- 47** Using Captions
Learn to create and link captions to images and text.
- 48** Create an Index
Create an Index organized by topic or keyword.

Custom Styles

- 49** Create and Apply a Style
Learn to format text and save the style inside the Style Gallery for future use.
- 50** Rename, Modify, and Remove Styles
After mastering styles, keep the Style Gallery tidy by editing or removing styles.
- 51** Reveal Formatting
Learn to use the Reveal Formatting pane to look beyond surface formatting.
- 52** Selection Tool and Format Pane
Learn to use this tool when working with graphics and styles.

Mailings Ribbon

53 Envelopes and Labels
Learn how to quickly produce a printed envelope or label for postal mail.

54 Mail Merge to Labels
Auto-populate a sheet of labels with text pulled from a list.

55 Mail Merge to Envelopes
Merge mailing lists to print directly onto envelopes.

56 Mail Merge to Form Letters
Auto-populate a form letter with various fields pulled from a list.

57 Mail Merge to Emails
Merge Outlook Contact lists into emails so each recipient gets a personal email.

58 Mail Merge Tips from Experience
Learn tips for label margins and ensure your labels print perfectly.

Review Ribbon

59 Proofing
Learn how to spellcheck, find a better word, or count the total words in a document.

60 Language and Translation
Translate an existing document or set the Word program to use a different language.

61 Comments
Learn to place notes in the margins of a document and control those notes.

62 Track Changes
Track changes will show which person made which changes in a document.

63 Compare Documents
Comparing documents takes two versions of a document and compares for changes.
